

Name	NYA SIT - SPRÅKLIG IMPRESSIVE TEST FOR BARN
Purpose:	To assess child's understanding of the Norwegian language. Includes the following areas in the grammar: nouns, verbs, adjectives, adverbs, pronouns, prepositions, conjunctions, denials, verbs and sentences with multiple variables
Short description:	The test consists of 46 pictures. It takes about 10 min. to complete it. The story (test) is about two children who are going to visit their grandmother. On each page, the child is presented with three alternative pictures and should point to the image that matches the text that was read
Academic area/skills:	Grammar
Target group:	3-7 years
Survey method:	Individual
Standardization:	Not stated
Adapted/non-adapted to Norwegian conditions:	Translated to Norwegian
Published:	2015
Author:	Britt Hellquist Translated to Norwegian: Gunn Ulsaker Berg
User groups/user qualifications:	Above all, SIT is intended to be used by speech therapists who, in their work, come into contact with children with delayed language development
