

| Name   | SCREENING OF LANGUAGE OF 2 YEARS OLD CHILDREN 2 (SATS 2)   |
|--|--|
| Purpose:                                     | To evaluate child's language understanding, spoken language, attention and interaction   |
| Short description:                           | SATS is a survey performed by a health nurse. A child receives specific questions and the parents fill out a form. Observations can be used to assess the child's language development |
