

<b>ACHENBACH SYSTEM OF EMPIRICALLY BASED ASSESSMENT (ASEBA)</b>	
<b>Name</b>	<b>ACHENBACH SYSTEM OF EMPIRICALLY BASED ASSESSMENT (ASEBA)</b>
<b>Purpose:</b>	To assess social skills, emotional difficulties and behavioral problems in children and adolescents
<b>Short description:</b>	ASEBA consists of questionnaires filled in by parents, teachers and young children. CBCL stands for Child Behavior Checklist and is a form for parents / caregivers. CBCL must be answered by caregivers of children aged 1 ½ - 18 years to assess competence and problem areas. TRF stands for Teacher Report Form. The TRF must be answered by teachers to assess academic functioning, adaptation and problem areas in children and adolescents of school age. YSR stands for Youth Self Report which can be completed by children at the age of 11 years and up
<b>Academic area/skills:</b>	Emotional and behavioral problems
<b>Target group:</b>	1,5-5 years and 6-18 years
<b>Survey method:</b>	Individual
<b>Standardization:</b>	Multicultural norms (Norway is among other countries)
<b>Adapted/non-adapted to Norwegian conditions:</b>	CBCL 1,5 -5, C-TRF, CBCL 6-18, TRF, YSR, BPM-P, BPM-T, BPM-Y is translated to Norwegian
<b>Published:</b>	2000, 2001, 2007, 2010
<b>Author:</b>	T.M. Achenbach & L.A. Rescorla
<b>User groups/user qualifications:</b>	Test-specific training is required, as well as pedagogical, psychological or doctoral education, possibly at least 3-year college education in health / social studies to manage and score tests
